This loving family are looking for a kind, patient SEN Nanny/Manny preferably with behaviour management experience, to join their team of Nannies to care for Twin boys aged 11.

Both boys have Autism with very different presentations and interests, that require different types of support from carers.

B11: ASD, MLD, Severe and Complex SLCN Needs. Interests: Swimming, gymnastics, walking, theme parks, drawing, music

B11: ASD, Anxiety - interests: Disney, computer games, reading, swimming, movies
Both boys have followed Verbal Behaviour programmes at school for the last 8/9 years (but this is ending in July).

The boys usually have 1:1 carers during the holidays, although there are some aspects of the job that are 1:2 (meal prep/ time, helping with self-care, mornings before the second carer arrives etc). The new nanny will have the opportunity to double up with existing team members for as long as needed, to ensure they feel confident in their role, prior to taking either child out alone. The family are very hands-on, and can provide additional training and support for the right candidate.

This wonderful family has a great track record of keeping people in their team long term. They aim to create a happy, respected work environment for all. Their current carers have been with them for 2-6 years and they are looking for a team player, who understands the importance of consistency and collaboration.

In terms of hours this family are looking for a carer/nanny to cover/help during the holidays on a part time basis (an average of 2 days per week, possibly more) so this role suits someone who is available during the school holidays regularly (and half term). There is a level of flexibility in days worked, as you are working as part of a team. Shifts can be scheduled to suit the team prior to each school holiday beginning.

This family is looking for a proactive, bubbly and passionate SEN Nanny/carers who can provide fantastic support for both boys. The Senny selected will be able to follow and support therapies and interventions determined by the family and professionals. A genuine interest in working with SEN children is a must.
