They are available to train their new Sennie from now, up until mid September or alternatively during the October half term.

This wonderful family has a great track record of Nannies staying long term. They have created a happy, respectful work environment for all the team involved. , making them fantastic employers. Their current carers have been with them for 2-6 years, and they are looking for a team player, who understands the importance of consistency and collaboration.

In terms of hours they are looking for a Sennie to work 2-3 full days each week during the boys school holidays, therefore this role suits a student who has prior SEN experience or is studying a SEN/childcare related degree, or a performing arts student. This role would also suit a teacher, SEN TA or 1:1, who has the school holidays off and is looking for extra work. There is a level of flexibility in days worked, as you are working as part of a team. Shifts can be scheduled to suit the team prior to each school holiday beginning. Commitment and reliability is a must.

This family is looking for a proactive, bubbly and passionate Sennie who can provide fantastic support for both boys. It is a great learning opportunity for the right candidate, and The Sennie selected will be able to follow and support therapies and interventions determined by the family and professionals.
