Holidays and Weekends: 7.30/8am until 9/9.30 pm

Available to babysit up to 2 evenings per week to allow parents time for an evening walk.

Sennies are delighted to help this wonderful family in Barnes find their second Live-in, SEN Nanny/Teacher/TA to isolate with them during 'lockdown' and work alongside another Sennie we recently placed. Their son is high risk, in terms of COVID-19, so the Sennie must be comfortable spending their days off within the family home to ensure everybody remains safe.

The contract duration is offered between 3 - 6 months. If you agree to a 6 month contract, you will be entitled to a break after 3 months, so you have the opportunity to return home for a period of time.

About B12:

B12 is a charming, chatty boy, who has a real passion for history. He can talk all day and night to you about it so we would love to find a Sennie who equally loves history where possible!

He is a keen chess player, gamer (xbox) and loves to read his favourites which include classics like Harry Potter and Lord of the rings.

He has Cerebral Palsy which affects both his arms and legs. He is a wheelchair user but also has use of a walker.

B12 has an Education, Health and Care Plan in school and a full time Learning Support Assistant. This enables him to access the curriculum. In school and at home the work is generally scribed, however, B12 is learning to use an 'eye gaze' device which will allow him to become more independent in his learning and he has a cochlear implant. B12 still has access to his weekly speech and language therapy and physiotherapy via zoom which you will be there to assist with.

B12 has a twin sister, G12, who you will also care for. She is much quieter than B12 and can take a little longer to warm up to new people. Although the children have different needs, it is really important that she is included in activities and conversations to avoid G12 feeling left out and over shadowed.

G12 loves music, especially her guitar, creative play and fashion!

This role includes: Supporting both children with school learning on a daily basis (with guidance from their school where work is provided online), engaging B12 in more physical activities to develop his strength (with guidance from his physiotherapist) and encouraging B12 to use his Walker and Tricycle where possible.

About the family:

This is a busy household with a lot of emphasis on fun learning. The parents are extremely supportive and in-house training will be provided. Whilst B12 is very chatty and full of personality, they are trying to help him develop his social and conversational skills, encouraging him to understand how to take turns in conversation and how others are feeling.

You will mostly be working alongside another Sennie, however on their days off you will be required to work 1:1 with B12.

To summarise - This is a loving and caring family, looking for a proactive, degree educated and passionate Nanny/Teacher/TA who can provide fantastic support for both children and work alongside one of our Super Sennies, who is an absolute delight!

The Sennie selected will be able to follow and support therapies and interventions determined by the family and professionals. A genuine interest in working with SEN children is a must.

To apply for this wonderful position please fill in our [online application](#) here and quote REF 0038.2 : <https://forms.monday.com/forms/8da2be45b0c181e5894968a6ceacd8d2> and follow up with an email to info@sennies.co.uk to let us know you've completed it and which role/s are of interest.

Due to the volume of applicants we will only be in touch with successful candidates.
